

# PRODUCTS

## DIGITAL SIGNAGE

### Unique & Unrivaled Messaging

.....

#### Powerful, Flexible, Scalable

The true power of digital signage is its ability to deliver high-impact, relevant messages to targeted audiences when it counts. Nanonation's Digital Signage platform has been developed from the ground up to provide maximum impact and flexibility.

Whether it's High Definition (HD) content, interactive signage, or a network of large or small format displays, Nanonation offers a way to deliver more information, more often, to more people with more impact.

#### MARKET SOLUTIONS

- In-Store Branding
- Lobby Entertainment
- Dynamic Video Walls

- Live Broadcast

## KIOSKS

### Interaction with Impact

.....

#### Self-Service & Transactional

Whether you're looking for a guided-selling application to drive revenue, a self-service application to speed customer transactions, or a loyalty card application to monitor in-store interactions, Nanonation makes it simple to add interactive, transactional, and informational kiosks to your IT infrastructure.

Nanonation delivers tailored technologies from inception to implementation on budget, on time, and on target. We start with our award-winning software and combine it with the right hardware, peripherals, and enclosures.
